500マイル〜時の記憶〜

"If you ride a train there are a lot of different people. I wonder where they came from and where they are going. I've been able to hear many conversations and I wonder what kind of relationships these people have. I want to talk to them and ask, but I would be weird if I did so I just enjoy imagining it by myself." This 3 part love and romance piece unfolds on the stage Kauders-Kazure never told me about
